# CATERING SERVICE TRUCK MAIN SPESIFICATION

**C-QUIP®**

## Box Dimensions:

Total Box length : 5700 mm  
Total Box Wide : 2550 mm  
Total Box High : 2100 mm

## Unit Dimensions:

Chasis: Isuzu Giga FRR 90Q - 190 PS

Total length : 8625 mm  
Total Wide : 2550 mm  
Total High (Low Position) : 3600 mm  
Total High (High Position) : 8000 mm  
Wheelbase : 5320 mm  
Min. Turning Radius : 8 m  
Maximum Box lifted : 6000 mm  
Alternator : 24-35V

### Box Materials

Fiber and Polyurethane

## Payload:

Total Maximum Payload : 3000 kg  
Total Maximum Payload on Platform : 300 kg

## Safety Features:

Stabilizer Protected by one lock valve per stabilizer  
Box Cylinder Lifting Protected by Lock valve

## Hydraulic System:

By propeller Shaft for Operating Power Gear Pump  
150 liter hydraulic tank  
Two Cylinder with flow control valve and lock valve  
Emergency Hand Pump  
Solenoid Controller Hydraulic valves

## Electrical System:

T24 Volt electrical system
